JUMP TO JOB! PROJECT - FINAL DISSEMINATION EVENT

23 June 2022

Mundo Madou, Avenue des Arts 8, Brussels

The Final Dissemination Event for the [Jump to Job! Project](#) which deals with the training of peer mentors and job coaches for young people with disabilities (YPWD) is organised by EPR. It will take place on the morning of 23 June (from 9:30 to 12:45) at Mundo Madou (this is the building where EPR has its office) in Room Artemisia on the ground floor.

It brings together all project partners, speakers and participants from partner organisations and the European Commission and EPR members. The project partners will present the main insights and project deliverables. The event will allow peer mentors and job coaches having done the training to share their experiences, what they have learnt, but also what could still be improved. We would like to reflect on the outcomes of the project with a representative of the European Commission and colleagues from partner organisations who will share their experiences. In a concluding session the links to EPR's work will be identified and possible follow-up activities will be discussed.

In the afternoon the second meeting 2022 of the EPR Working Group Youth will be held.

Round table with project partners and external stakeholders

We suggest a “combined round table”, organised in two rounds.

In the first round the floor will be given to representatives of the project partners, concretely of the four service providers. Two peer mentors attached to and two job coaches working with GTB, INTRAS, Theotokos Foundation and URI-SOČA will start off the exchange.

In the second round we will invite representatives of the European Commission and of partner organisations to intervene, commenting on the project outcomes, but also sharing experiences from similar or related activities of their own organisations and referring to the relevant EU-level regulatory, policy and funding frameworks.
